# Responsible Behaviour Plan for Students

## 1. Purpose

*Education Queensland is committed to provisions that ensure all young Queenslanders have a right to and receive a quality education.*

*Rainworth State School exists to provide children with a balanced education, which aims to help develop self-disciplined children. We believe that the acquisition of self-discipline is developmental and needs recognition, encouragement, modelling and teaching.*

*We believe there are acceptable standards of behaviour that create a positive environment conducive to total learning and harmony. Therefore, acts of indiscipline which disrupt learning, limit the rights of others to learn or create disharmony will be managed as outlined in this document.*

*We believe that the key to effective learning is where there is a safe, supportive and disciplined environment that respects:*

- *the rights of all students to learn*
- *the rights of teachers to teach*
- *the rights of all to be safe*

*This Responsible Behaviour Plan for Students is designed to facilitate high standards of behaviour so that the learning and teaching in our school can be effective and students can participate positively within our school community.*

## 2. Consultation and data review

*Rainworth State School developed this plan in collaboration with our school community. Broad consultation with parents, staff and students was undertaken through survey distribution and community meetings held between June and August 2017. A core committee made up of 2 parents, 2 teachers and a member of admin reviewed school data to inform the development process.*

**The Plan has been endorsed by the Principal, the President of the School Council. It will be reviewed in 2020**

### 3. Learning and behaviour statement

Our school community has identified the following behaviours as necessary to the functioning of Rainworth as a successful school.

- **Be safe**
- **Be responsible**
- **Be respectful**

The following are rules (in child friendly language) have come from the above desired behaviours:

- Take turns to speak and listen.
- Keep hands, feet and objects to yourself.
- Follow teachers' instructions immediately.
- Be in the right place at the right time.
- Look after yourself, others, your property and that of others.

Our school rules have been agreed upon and endorsed by all staff and our school P&C. They are aligned with the values, principles and expected standards outlined in Education Queensland's *Code of School Behaviour*.

The rules aim to:

- actively encourage responsible behaviour
- respect the dignity and worth of each individual regardless of race, religion, background, attributes, abilities or disabilities
- nurture and develop positive and productive interpersonal relationships
- facilitate stimulating social and academic learning experiences, that focus on the individual's needs
- foster a safe and healthy environment through a negotiated set of rules
- promote fair, equitable and negotiable practice
- value diversity

### 4. Processes for facilitating standards of positive behaviour and responding to unacceptable behaviour

#### • Universal behaviour support

*At Rainworth we believe a supportive school environment needs to be embedded within our school culture. It is reflected in behaviours based on a set of principles that are understood, accepted and practised by all members of the school community.*

*Rainworth State School implements the following proactive and preventative processes and strategies to support student behaviour.*

- *Individual support profiles for students with high behavioural needs, enabling all staff to make the necessary adjustments to support these students consistently across all classroom and non-classroom settings*
- *Recognition of positive behaviours during assemblies.*
- *Development of specific policies to address.*
  - *The use of personal technology devices (appendix)*
  - *Procedures for preventing and responding to incidents of bullying (appendix)*
  - *Working together to keep Rainworth safe*

#### Whole-School Behaviour Support

*The Rainworth Community Believes:*

Responsible behaviour management is based on the principle that everyone has rights and responsibilities.

Students' levels of self-esteem and confidence are the focus of responsible behaviour management. A set of core school behaviours and rules has been identified and underpins our beliefs and practices within the school. This set of behaviours is understood and modelled by adults within the school environment. Reward schemes are integral in encouraging and motivating students to make the best choices for their own behaviours. We believe that individuals' rights should be protected by meaningful rules, rewards and consequences.

*Social justice practices are embedded into classroom practice and planning to eliminate barriers which hinder participation and achievement.*

### THREE TIERED MODEL OF SUPPORTIVE SCHOOL ENVIRONMENT

To provide a positive, socially just learning environment Rainworth adopts a three tier model for a supportive school environment. The three tiers are represented by the following model. The management of behaviour focuses on the development of whole school behaviour support moving progressively to targeted and intensive support when necessary.

## The Code of School Behaviour

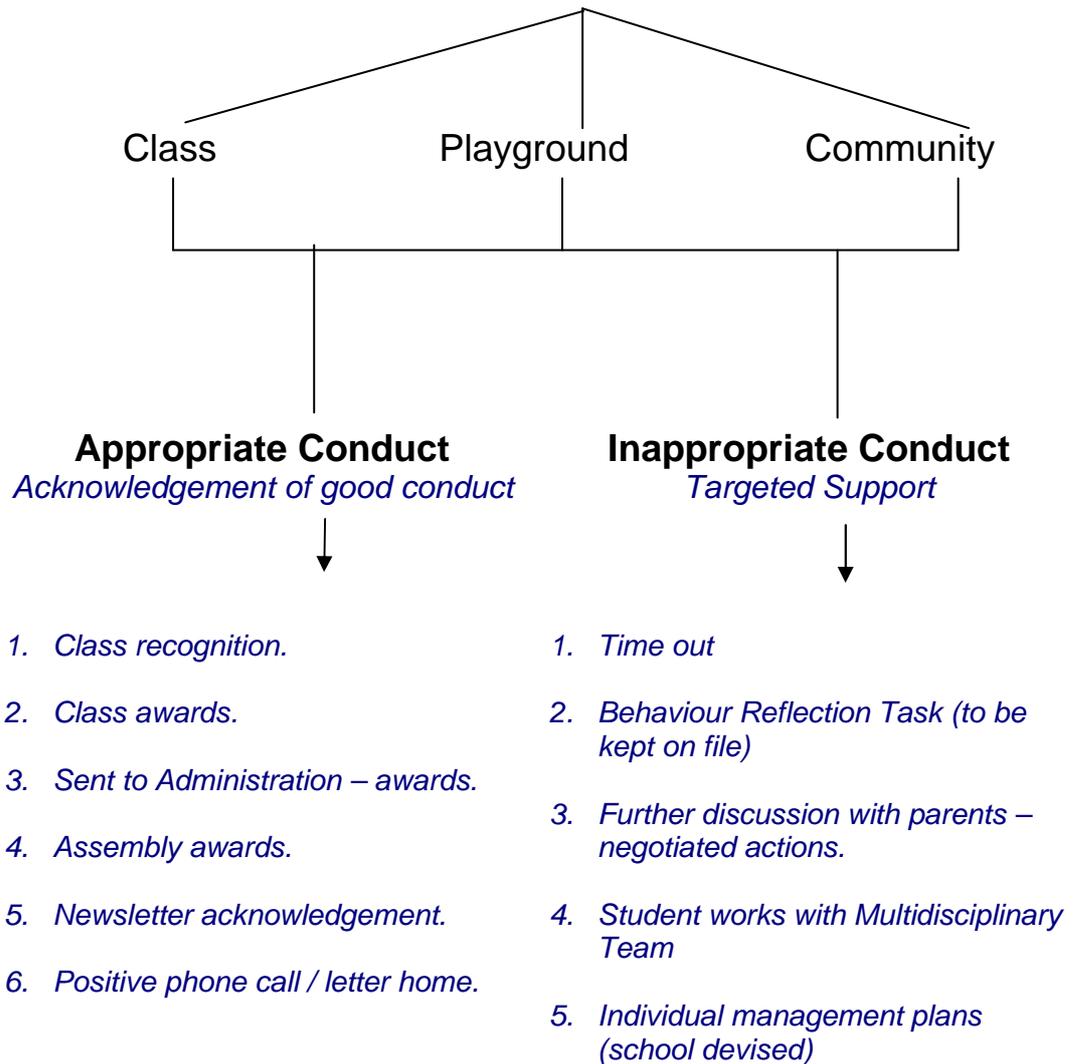

Better Behaviour  
Better Learning

### Targeted behaviour support

Occasionally a student at Rainworth is identified through our data as needing a more targeted behavioural support. In most cases the problem behaviours of these students may not be immediately regarded as severe, but the frequency of their behaviours may put these students' learning and social success at risk if not addressed in a timely manner.

These students still attend their normal scheduled classes and activities with appropriate adjustments if required. The students have increased daily opportunities to receive positive contact with adults and increased opportunities to receive positive reinforcement. Where required, adjustments are made to the Program through academic support, adult mentoring or intensive social skills training.

### Targeted Support

Students will be supported with flexible timetabling.

**Some steps could be skipped depending on the seriousness of the conduct.**

**In applying consequences for unacceptable behaviour, the individual circumstances and actions of the student and the needs and rights of the school community will be considered at all times.**

## The Code of School Behaviour

Better Behaviour  
Better Learning

### • Intensive behaviour support

*Rainworth is committed to educating all students, including those with the highest behavioural support needs. We recognise that students with highly complex and challenging behaviours need comprehensive systems of support. The Intensive Behaviour Support Team:*

- *works with other staff members to develop appropriate behaviour support strategies*
- *monitors the impact of support for individual students through continuous data collection*
- *makes adjustments as required for the student, and*
- *works with the School Behaviour Leadership Team to achieve continuity and consistency.*

*The Intensive Behaviour Support Team has a simple and quick referral system in place. Following referral, a team member contacts parents and any relevant staff members to form a support team and begin the assessment and support process. In many cases the support team also includes individuals from other agencies already working with the student and their family, a representative from the school's administration and district-based behavioural support staff. Where required, adjustments are made to the Program through academic support, adult mentoring or intensive social skills training.*

#### **Appropriate Conduct** *Acknowledgement of good conduct*

1. *Class recognition.*
2. *Class awards.*
3. *Sent to Administration – awards.*
4. *Assembly awards.*
5. *Newsletter acknowledgement.*
6. *Positive phone call / letter home.*
7. *Lunch with Administrators.*

***Students will be supported with flexible timetabling.***

#### **Inappropriate Conduct** *Intensive Behaviour Support*

1. *Formalised Individual Management Plan*
2. *Suspension*
3. *Exclusion with a plan to return to education*
4. *Alternative program*

***Some steps could be skipped depending on the seriousness of the conduct.***

***In applying consequences for unacceptable behaviour, the individual circumstances and actions of the student and the needs and rights of the school community will be considered at all times.***

### 5. Emergency responses or critical incidents

*It is important that all staff have a consistent understanding of how to respond to emergency situations or critical incidents involving severe problem behaviour. This consistency ensures that appropriate actions are taken to ensure that both students and staff are kept safe.*

*An **emergency situation or critical incident** is defined as an occurrence that is sudden, urgent, and usually unexpected, or an occasion requiring immediate action.*

*Severe problem behaviour is defined as behaviour of such intensity, frequency, or duration that the physical safety of the student or others is likely to be placed in serious jeopardy.*

#### **Basic defusing strategies**

##### **Avoid escalating the problem behaviour**

*Avoid shouting, cornering the student, moving into the student's space, touching or grabbing the student, sudden responses, sarcasm, becoming defensive, communicating anger and frustration through body language..*

##### **Maintain calmness, respect and detachment**

*Model the behaviour you want students to adopt, stay calm and controlled, use a serious measured tone, choose your language carefully, avoid humiliating the student, be matter of fact and avoid responding emotionally.*

##### **Approach the student in a non-threatening manner**

*Move slowly and deliberately toward the problem situation, speak privately to the student/s where possible, speak calmly and respectfully, minimise body language, keep a reasonable distance, establish eye level position, be brief, stay with the agenda, acknowledge cooperation, withdraw if the situation escalates.*

##### **Follow through**

*If the student starts displaying the appropriate behaviour briefly acknowledge their choice and re-direct other students' attention towards their usual work/activity. If the student continues with the problem behaviour then remind them of the expected school behaviour and identify consequences of continued unacceptable behaviour.*

##### **Debrief**

*Help the student to identify the sequence of events that led to the unacceptable behaviour, pinpoint decision moments during the sequence of events, evaluate decisions made, and identify acceptable decision options for future situation.*

##### **Physical Intervention**

*Staff may make legitimate use of physical intervention if all non-physical interventions have been exhausted and a student is:*

- **physically assaulting another student or staff member**
- **posing an immediate danger to him/herself or to others.**

*Appropriate physical intervention may be used to ensure that Rainworth's duty of care to protect students and staff from foreseeable risks of injury is met. The use of physical intervention is only considered appropriate where the immediate safety of others is threatened and the strategy is used to prevent injury.*

*Physical intervention can involve coming between students, blocking a student's path, leading a student by the hand/arm, shepherding a student by placing a*

## The Code of School Behaviour

Better Behaviour  
Better Learning

hand in the centre of the upper back, removing potentially dangerous objects and, in extreme situations, using more forceful restraint.

### **It is important that all staff understand:**

- physical intervention cannot be used as a form of punishment
- physical intervention must not be used when a less severe response can effectively resolve the situation
- the underlying function of the behaviour.

### **Physical intervention is not to be used as a response to:**

- property destruction
- school disruption
- refusal to comply
- verbal threats
- leaving a classroom or the school, unless student safety is clearly threatened.

### **Any physical intervention made must:**

- be reasonable in the particular circumstances,
- be in proportion to the circumstances of the incident
- always be the minimum force needed to achieve the desired result, and
- take into account the age, stature, disability, understanding and gender of the student.

### *Record keeping*

Each instance involving the use of physical intervention must be formally documented. The following records must be maintained:

Incident report on “One School” (Appendix 5 )

**Health and Safety incident record**

Debriefing report (for student and staff) (Appendix 6).

## 6. Consequences for unacceptable behaviour

When students make a choice to behave inappropriately then wherever possible an appropriate and logical consequence will be applied. “A consequence needs to be as related as possible... it is the certainty of the consequence that is more effective than the severity. A consequence needs to teach the student something about the appropriate behaviour.” Bill Rogers – ‘Behaviour Recovery’ p81.

### Definition of consequences\*

<b>Time out</b>	<p>A principal or school staff may use time out as a strategy for students to manage their own behaviour and to assist the student to calm down.</p> <p>During time out, students are to be supervised and then given an opportunity to re-join the class.</p>
<b>Detention</b>	<p>A principal or teacher may use detention as a consequence for disobedience, misconduct, or other breaches of school expectations.</p> <p>A detention is no more than 20 minutes during school lunch or 30 minutes after school (parent will be contacted before after school detention is imposed).</p>
<b>Temporary Removal of Property</b>	<p>A principal or staff member of Rainworth State School has the power to temporarily remove property from a student, as per the procedure <a href="#"><u>Temporary Removal of Student Property by School Staff</u></a>.</p>
<b>School Disciplinary Absences (SDA)</b>	
<b>Suspension</b>	<p>A principal may suspend a student from school under the following circumstances:</p> <ul style="list-style-type: none"> <li>▪ disobedience by the student</li> <li>▪ misconduct by the student</li> <li>▪ other conduct that is prejudicial to the good order and management of the school.</li> </ul>
<b>Behaviour Improvement Condition</b>	<p>A principal may impose a behaviour improvement condition if the principal is reasonably satisfied that the student has engaged in behaviour that warrants the grounds for exclusion or other conduct that is so serious that suspension of the student from school is inadequate to deal with the behaviour.</p> <p><i>A Behaviour Improvement Condition</i> requires the student to undertake a behaviour management program arranged by the school's principal. The program must be:</p> <ul style="list-style-type: none"> <li>▪ reasonably appropriate to the challenging behaviour</li> <li>▪ conducted by an appropriately qualified person</li> <li>▪ designed to help the student not to re-engage in the challenging behaviour</li> <li>▪ no longer than three months.</li> </ul>
<b>Proposed exclusion or recommended exclusion</b>	<p>A student may be suspended pending a decision to exclude when the student's behaviour is so serious that suspension of the student from the school would be inadequate to deal with the behaviour. A student may be suspended or excluded for the following reasons:</p> <ul style="list-style-type: none"> <li>▪ disobedience</li> <li>▪ misconduct</li> <li>▪ other conduct that is prejudicial to the good order and management of the school, or</li> <li>▪ breach of Behaviour Improvement Conditions.</li> </ul>
<b>Cancellation of enrolment</b>	<p>The enrolment of a post compulsory school age student may be cancelled if the student's behaviour amounts to a refusal to participate in the educational program provided at the school.</p>

### 7. Network of student support

Rainworth State School has established structures which provide access to specialist skills, information and support for the welfare of students.

This is managed through the deployment of human, financial and material resources that respond to the school community's identified needs and priorities.

### 8. Consideration of individual circumstances

Rainworth State School uses strategies that take into account the different abilities, life skills and life experiences of our students. A range of significant factors is considered when choosing responses to student behaviour, these include

- Context
- Emotional well-being
- Culture
- Gender
- Cultural difference
- Socioeconomic factors
- Impairment

All of the above can influence the way in which students act and react to adult responses.
