

Visioning Workshop

What is our vision for technology at RSS?

All parents and carers are invited to attend a workshop on Wednesday November 8, 2017 (6:30 pm to 9:00 pm)

in the School Hall at which we will develop a shared vision for the student use of Information and Communications Technologies (ICTs) in the classrooms at Rainworth State School.

This is the important next phase of our 'Engagement in Technology' consultation sessions and will be led by our consultant, Sue Shaw.

Sue will present the report she has written capturing the feedback from the Parent and Staff Sessions held earlier this term. From that feedback, this workshop is to develop and agree what the vision is for the use of ICTs at Rainworth SS.

We look forward to continuing our partnership in this area.
